

FOUNDED 1900

Keighley Association of Engineers (2022 syllabus)

Visit to :	Produmax Engineering, Shipley
Date:	Tuesday 21 st June 2022
Start time:	2 pm
Location:	see below

Dear members and guests,

The Keighley Association of Engineers is pleased to announce our **June** event in our 2022 syllabus, a return visit to **Produmax Engineering, Shipley** following the opening of their new factory extension.

Produmax manufacture precision parts and assemblies for the aerospace industry.

These can range from small batch work to multiple components. Operating to the highest levels of quality, they are experts in machining materials including hardened steel, aircraft grade aluminium alloys and titanium.

Company success has been as a result of prudent investment in state-of-the-art CNC machinery including 5 Axis milling and 14 Axis turning centres. They have a highly skilled and stable workforce who have worked to an ISO approved quality system since 1988.

Produmax is a company at the cutting edge of Engineering Manufacture
a Company visit not to miss.

Please let John McCluskey know you are coming to assist with planning (this is open to guests) at jjmcccluskey@btopenworld.com 07585 126503

You can see much more about Produmax on their website:

<http://www.produmax.co.uk/index.php>
